Context: Our event offers the opportunity for a diverse group of stakeholders to engage in robust learning, discussion, and dialogue on the causes and solutions to global homelessness, and how homelessness indeed connects to social protection floors. Speakers, moderators, and facilitators represent NGOs working in the global North and global South, academia, faith communities and government perspectives.

Featured Speakers:

- Dame Louise Casey, Chair, Institute of Global Homelessness
- Dr. Ify Ofong, WorldWIDE Network Nigeria: Women in Development and Environment

- Winifred Doherty, Congregation of Our Lady of Charity of the Good Shepherd

We anticipate a robust discussion of causes, solutions, and intersections of homelessness and the Social Protection Floors. Delegations and stakeholders participating in CSOCD 58 are particularly welcome.
