

Building Roofs and Raising Floors Through Inclusive Digital Technologies and A Global Fund for Social Protection

COMMISSION FOR SOCIAL DEVELOPMENT 2021

The Global Coalition for Social Protection Floors (GCSPF) invites you to a 75-minute side event with speakers from Governments, United Nations, civil society and academia. We will tackle the diverse and interconnecting perspectives on social protection and homelessness, consider why the Global Fund for Social Protection is necessary to deliver to all the right to social protection, and analyze how digital technology can extend social protection floors to those who are living without roofs.

The high level panel is moderated by Magdalena de Sepulveda and includes Ministers of Social Affairs and Development Cooperation, Heads of UN Agencies, the Special Rapporteur on extreme poverty and human rights, civil society representatives and social protection experts.
